- Wat hebben we al bereikt?
- Wat moeten we nog doen?

# I. Wat hebben we al bereikt?

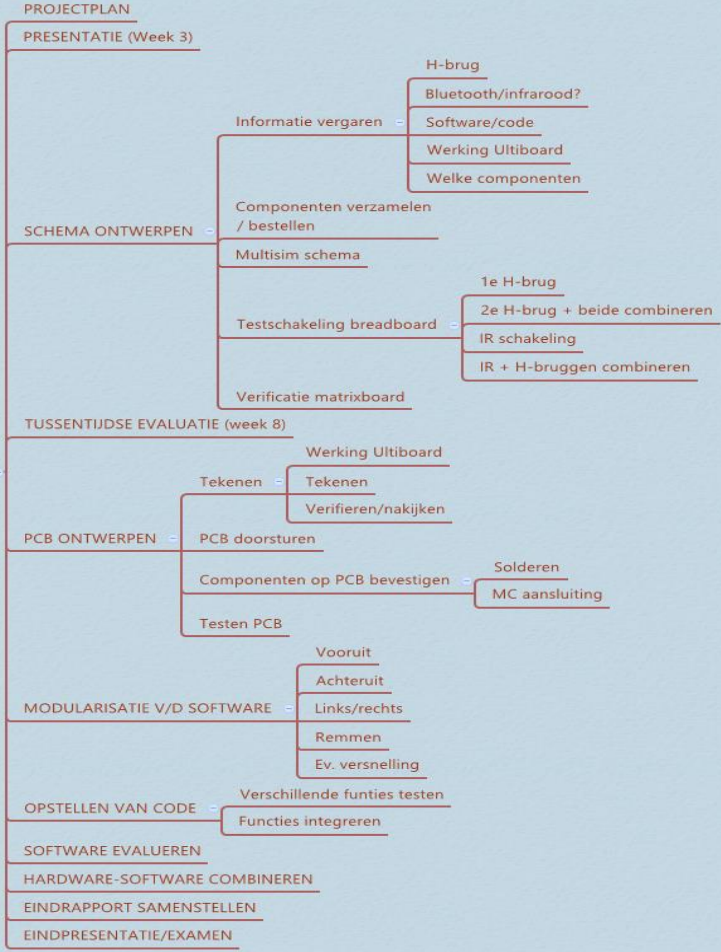

# Project Auto

# I. Wat hebben we al bereikt?

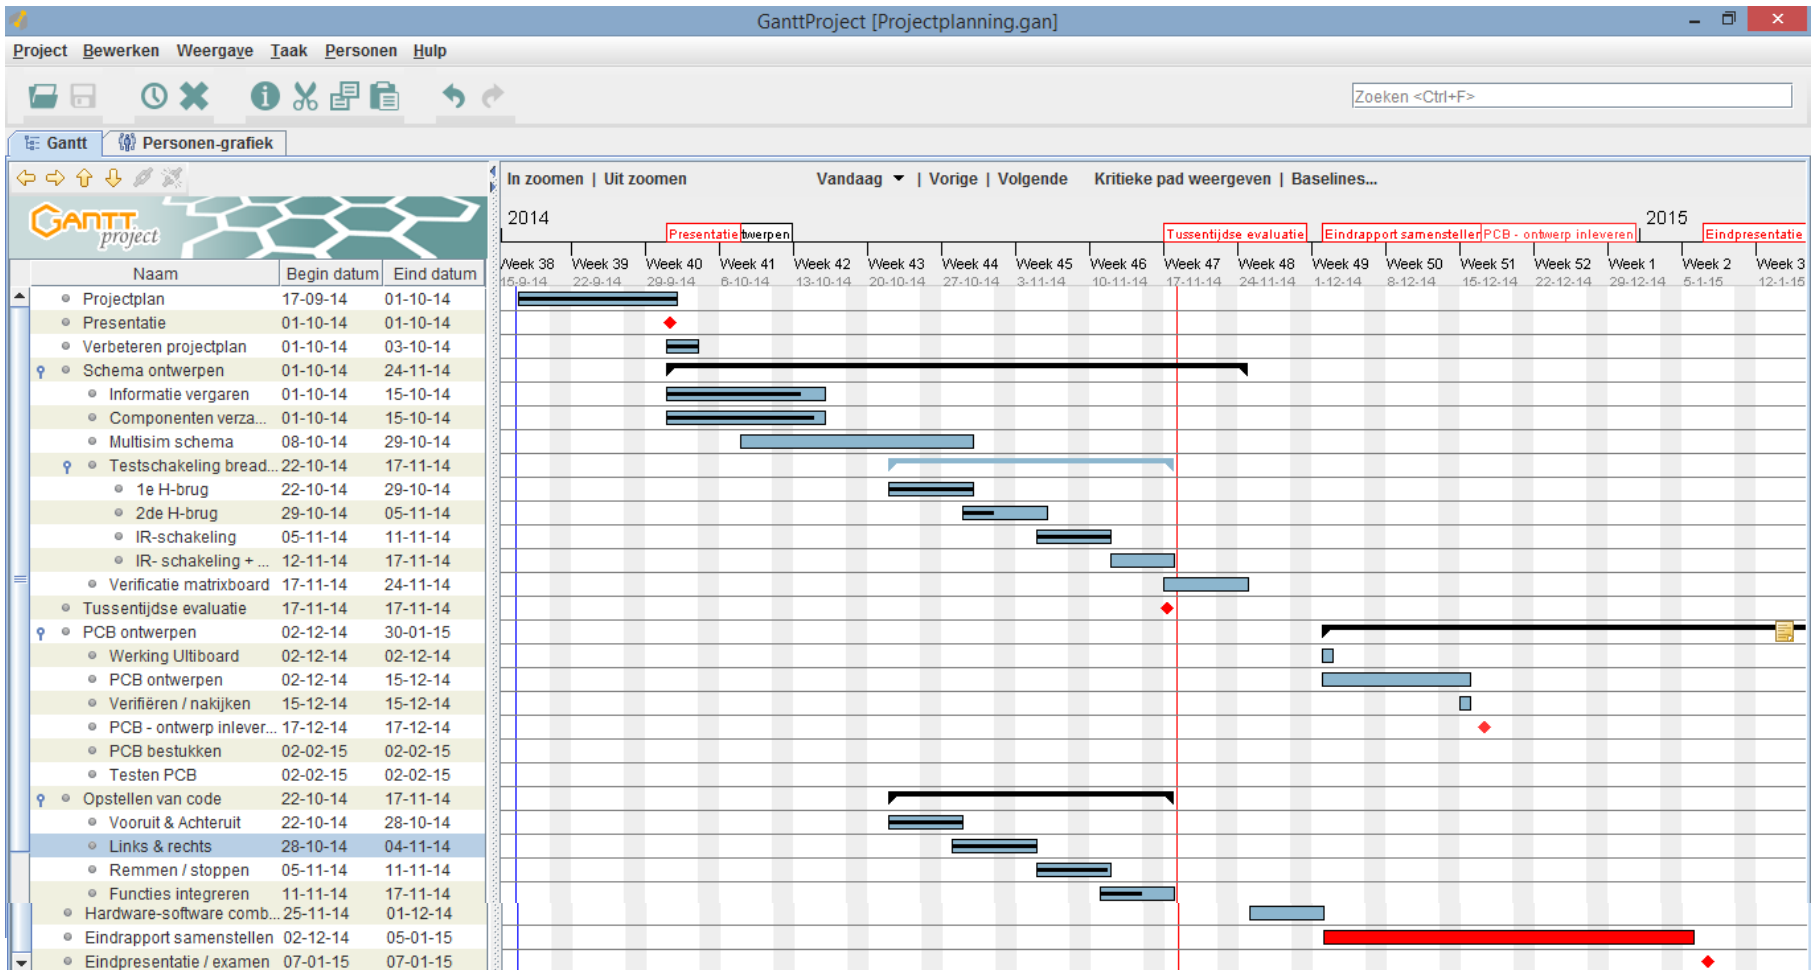

- Week 3
  - Verbeteren projectplan
- Week 3 - 4 - 5
  - Inventaris componenten
  - Vergaren van kennis
- Week 5 - 6
  - Testschema multisim
- Week 6 – 7 - 8
  - Testschakeling breadbord
  - Ontwerpen van software

## 2. Wat moeten we nog doen ?

- Week 8- 9
  - Matrixboard solderen + testen
  - Controle van de software
- Week 10
  - Combineren hardware/software
  - Grondig testen
- Week 11-12
  - Werking Ultiboard
  - Ontwerpen van PCB + doorsturen
- Week 13
  - Samenstellen eindrapport en presentatie
  - Reserve

# Overzicht : Gantt-chart

### 3. Eventuele extra's

- Software: Snelheidsregeling
- Beide H-bruggen maken (IC & met MOSFET's)

# Vragen?

**Einde**
